Invitation to 2022 International Student Conference on Environment and Sustainability

Supported by Agricultural Bank of China, Beijing Environment Foundation for Young Talents and Xinhua News Agency, the International Student Conference on Environment and Sustainability (ISCES) has been successfully held for 10 years by the United Nations Environment Programme and Tongji University since 2011, which has attracted over 3,000 international students from more than 50 countries to gather at Tongji University on the World Environment Day. This annual flagship conference, aims at sharing young people's ideas and practices on sustainable development, has become a global event for future leaders, and one of the most influential youth gathering on sustainable development.

2022 International Student Conference on Environment and Sustainability consists of **2022 Global Environmental Solutions Challenge** and the **Summit Forum** on WED. Representatives from academia, business, international

organizations and non-governmental organizations will be invited to deliver keynote speeches on the topics including latest global initiatives and local policies on sustainable development, cutting-edge industrial technology solutions, and so on, in response to the mitigation of climate change, the protection of bio-diversity and the prevention of environmental pollution.

2022 Global Environmental Solutions Challenge seeks for global solutions on environment and sustainable development, with themes including **Climate Change, Human Health, Circular Economy** and **Smart Environment**. Students from all over the world are invited to form teams and register in the 2022 Global Environmental Solutions Challenge, to share innovative solutions related to the four themes above, and **will have the chance to win a prize of 10,000 RMB**.

Join us now!

Conference Time: 3 - 5 June 2022 (online)

Registration Website: <https://isces.tongji.edu.cn/>
